Composition of Teams

Varsity (4 coaches & 15-18 players)

- Main focus is competing for **first place in the South Suburban conference** through high intensity practices while achieving a high work ethic and working on perfecting every aspect of the game and distributing these skills to games
- Teamwork and cohesiveness must be more important than individual achievements/goals
 - Players will know that top 9 players will be in the lineup
- Each player will follow rules & philosophy of Apple Valley High School Baseball & MSHSL

Composition of Teams

- **Junior Varsity (2 coaches & 13-15 players)**
- Main focus is getting players ready for the varsity level
- Focus will be putting together a competitive lineup for each game
- Continued emphasis on player development through accelerated practices with varsity
- Players at this level should be focused on playing specific positions

Composition of Teams

10th (2 coaches & 13-16 players)

- Main focus is on continued player development through repetition and game involvement
- Encourage athletes to get out of their comfort zone for maximum exposure
- Equal playing time is still encouraged
- Start looking for players who are ready for the JV or possible Varsity level

Composition of Teams

- **9th (1 coach per team & 12-14 players per team)**
 - Main focus is development of players through fundamentals and repetitions during practices and games
 - Sacrificing success to provide each player with opportunities for improvement
 - Equal playing time is a focus at this level
